

Community Integrated Master Plan (CIMP) Public Workshop Saturday, May 22 10am –2pm

The workshop will be presented in an Open House style and will focus on the reuse of the Marine Barracks housing facility located just south of 8th and I St, community garden options, and information on the public private venture (PPV) as relates to the CIMP. The CIMP is being developed to evaluate community-military development partnership opportunities in the vicinity of Marine Barracks. Recognizing that Marine Barracks Washington and the community are linked in past and present, the CIMP aims to use a coordinated planning process to address needs of both the local community and Marine Corps.

Please join us anytime between **10am - 2pm** at the **International Graduate University** (formerly Buchanan School) located at

1325 D St SE.

Light refreshments to be provided.

If you are unable to attend the public workshop, you may visit our website at www.sedistrictcimp.com to obtain information disseminated at the workshop and post comments.
